Poster

300 dpi .jpg file of final photo image (First print must be ordered): \$25

Additional photos added (see below) \$10 each (depending on final design)

After the final game of the season, all equipment is immediately returned to the team. It is at this time that your son's helmet will be set aside to be photographed, 4 views of the helmet will be made; left side, right side, rear and front (as depicted above)

It is important that you place your order **before** the final game of the season, which will allow us to know to hold your son's helmet aside when it is turned in.

Orders CAN NOT be placed following the final game of the season.

The final image provided can be limitedly arranged in the design you choose, whether it be as depicted above or in your own design.

Your own 300 dpi images can be added at an additional cost, including team photo day photo or other photos you wish to include. Price is determined on number of additional photos to be added.

Once you notify me that you wish to have an heirloom helmet photo collage created, I will work with you to design the final image.

Please email me at tom@tomsuttman.com to let me know you are ordering a helmet collage. We will work out the final design after the helmet photos have been taken.
