

From the parents of:

Joseph Thuney

OL/DE

Kettering Archbishop Alter High School

Class of 2011

Creating a good highlight film is very important. It is often the first and sometimes only way coaches can see the player in action. It has the versatility to be shown on various sites on the computer, thus giving the player more exposure.

Tom was very helpful in putting Joseph's football highlight video together. He organized the plays we chose in the best possible way to really make Joseph stand out.

Often college coaches would ask for an individual game video and Tom was very fast in making an extra copy and getting it to the right coach.

The recruiting process was a very hectic time for Joseph and us and we really appreciated Tom's help in getting the right videos to the right people in the shortest amount of time.

Joseph had an unusual situation in playing offense and defense his senior year and Tom was able to improvise and create the video best suited for the position the college coach wanted.

Joseph is doing well at North Carolina State. He says practices and camps are nothing like he's experienced before. Division 1 football is the big time and he is learning a lot.

We highly recommend Tom for college highlight films because he knows Alter football and it's players and what better person to represent your son in one of the most important times of their lives.

Thanks for all your help, Tom. We really appreciate all you've done for us!"
